# WHO ARE WE?

TUP GEAR, founded in September 23. 2019, which mission is to facilitate a social community made by students for students which work together towards pushing gaming and esports into mainstream acceptance and educate students on videogames appreciation as a form of art.

TUP GEAR is also an alliance organization of [AcadArena](#) - the leading organization for campus gaming and esports education in the Philippines and Southeast Asia. Run by unique team of seasoned esports natives and non-native professionals, AcadArena ensures that all student gamers are experiencing the best of what campus esports could offer.

# MISSION

To **facilitate** a social community made by students for students which work together towards pushing Gaming and Esports into mainstream acceptance and **educate** students on videogames appreciation as a form of art.

# VISION

The other hand is to **bring together** a diverse group of bona fide students at the Technological University of the Philippines - Manila **who share interest** in a wide variety of video games, whether consoles, computers, or cell phones, both recreational and competitive to become an organization that foster close relationship among the community.
